2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

Two Rock Elementary School is a single school district located in western Petaluma. The school has an enrollment of 160 students in grades TK-6. The school also hosts a preschool program for children beginning at age 3. Approximately 60% of the school's diverse student population comes from the United States Coast Guard Training Center (TRACEN) located adjacent to our school site. The remaining population comes from the families living on the surrounding ranches and dairies along with other students on inter district transfers. Our student body is comprised of 35% English Language Learners, with 54% receiving Free and Reduced Lunch.

Two Rock Elementary School offers a full educational program to our students that includes physical education, music, art, library and garden programs. We employ a full time English Language Development teacher and a .60 FTE special education teacher. Students also benefit from counseling, speech and school psychologist services. We offer after school and summer intervention programs in mathematics and reading. In addition to our before school day care program, we offer After School Enrichment Services (ASES), that provide homework assistance combined with enrichment classes for students. There is also an after school sports program for students in grades 4th-6th.

Our students benefit from 1:1 devices in grades 2nd-6th and 2:1 devices in grades TK-1st. All classes are equipped with large screen TVs. The recent addition of a broadcast studio and new multi-use room audio visual system allows for collaboration and interaction among classes and the the broader learning community.

Recent facility improvements have added a new Preschool-Kindergarten playground, along with upgraded landscaping. Energy upgrades for lighting and solar are planned for this summer through Proposition 39 funds.

The school is funded through LCFF and receives both base and supplemental funds. At this time, we do not qualify for concentration grant funding. In addition to these funds, the school receives Impact Aid from the Federal Government based on the fact that we are largely comprised of military families. Due to the demographics of the school community, the school is unable to benefit from the passage of a facilities bond. Facility improvements are budgeted for within the constraints of the district budget. Our music, art and library programs are completely funded by the Two Rock School Education Foundation (TRSEF). In the past 2 years, we have received technology grants from the Petaluma Education Foundation (PEF), which have provided for upgrades in our technology systems. In addition, through a 5 year, \$250,000 grant from the Department of Defense Education Activity, we have been able to offer intervention programs and counseling services for our students. We are awaiting results of an additional grant application that would provide STEM based resources and instruction for students.

Mission Statement:

"The Two Rock School community is committed to a shared responsibility for encouraging creativity while developing every child's academic and social skills as a foundation for lifelong learning."

Vision Statement:

"It is the vision of Two Rock School that all students will be challenged and prepared for rigorous standards in an environment of equity, respect, and responsibility."

In order to realize our vision we will:

- *Build upon our community's unique diversity and establish traditions
- *Guide our students to meet and exceed academic challenges, become technologically literate, physically fit, and exhibit initiative and positive social behavior
- *Use data to make informed decisions that enhance learning opportunities for all students
- *Develop resilient students with the ability to problem solve, collaborate, and think creatively and critically

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

Our District LCAP included 4 goals that cover all 8 of the state priorities and were developed working closely with stakeholders through our school community.

Goal 1: All students will be proficient in grade level standards. (14 actions/services, pages 30-48)

Goal 2: Parents will be provided with appropriate opportunities to be involved in their students education. (9 actions/services, pages 48-58)

Goal 3: Provide a safe secure environment for students, (15 actions/services, pages 59-77)

Goal 4: Students will be engaged in their learning in order to be successful. (12 actions/services, pages 78-92)

Our LCAP encompasses the majority of the school and districts budget, including several grants.

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

The Two Rock Union School District has maintained or increased our progress on the Smarter Balanced Assessments in English Language Arts and Mathematics. The percent of All students meeting or exceeding standards in English Language Arts was 47% (+2%), and in Math 48% (+1%). In addition, our Low Income Students also remained the same or increased in their performance on the Smarter Balanced Assessments in ELA 31% Met or Exceeded (same) and in Mathematics, 40% Met or Exceeded (+6%).

According to our Data Dashboard Results, in English Language Arts, All Students, our White Subgroup, and our English Language Learner Progress placed in the "green" performance level and in Math, our Socio-economically disadvantaged subgroup also scored in the Green performance level.

In our local measures this year, we showed an increase in the percentage of students performing at grade level in Language Arts and Math by more than our goal of 3%. In English Language Arts, 69% of our students were performing at grade level at the end of the 2nd trimester, an increase of 6% over the same time last year. In Math, 85% (an increase of 14%) were at grade level.

Fifty percent of our English learners advanced one level on the CELDT, an increase of 6% over last year. (Our goal was 3%).

In terms of Common Core State Standards implementation, our school district has completed adoption of Math, English Language Arts and English Language Development curriculum. We are in the full

GREATEST PROGRESS

implementation phases of these adoptions, which should have a significant impact on our student achievement scores next year. All of our students have access to these standards based materials and textbooks.

One of our largest successes this year was to increase our parent involvement and feedback. We were able to increase our parent survey response by over 25% to 54%.

Results from this survey show that the school is doing a good job of communicating and involving parents

*keeps me well informed about school activities. 91%

*allows input and welcomes parent contributions. 87%

*promptly responds to my phones calls, messages, and e-mails 92%

*encourages me to be an active partner with the school in educating my child 97%

Strongly Agree/Agree...

*Teachers at this school communicate with parents about what students are expected to learn in class. 90%

*Parents feel welcome to participate in this school. 96%

*School staff treat me with respect. 96%

*School staff take parent concerns seriously 86%

*School staff are helpful. 95%

In terms of providing a safe and secure environment, we continue to have no suspensions or expulsions from the district and parents responded that "This school is a safe place for my child." 98% (+11%).

Parents also responded that the school "has a supportive learning environment for my child" (97%) and "has adults that really care about students". (95%) (Data from the California Healthy Kids Parent Survey.)

Students also feel that "Teachers care about them, encourage them and listen to them". (95%) They believe the school "teaches students to understand how others think and feel."(91%). They responded that "Teachers and other grown ups make it clear that bullying is not allowed."(98%) and that "Students at the school try to stop bullying when they see it happen." (86%) (CHKS)

Ninety-four percent of teachers responded that "Adults at school ensure a safe and supportive environment for students.Ninety-three percent agreed that the school was "a safe place for students." One hundred percent agreed that the school had "clean and well maintained facilities and property." (CHK Teacher Survey)

Due to receiving several grants this year, we have been able to install large screen TVs in all classrooms, purchase broadcast system for weekly news and install a large screen and new audio system for multiuse room. In addition, we have maintained our 1:1 and 2:1 devices for all student classrooms.

In the area of engagement, we continue to maintain a high attendance rate (96.7%) Students at our school continue to have access to a full range of courses, for all students, including English, math, social studies, science, visual and performing arts, health, library, and PE. We have also expanded our garden program to reach all grade levels.

Our students also performed well on the Physical Fitness Test, with 68% of our students achieving 5 of 6 fitness zones, and 54.5 % achieving 6 of 6 fitness zones.

Students say they "feel proud to belong to my school." (87%), that "teachers give me a chance to solve school problems. (94%) and that they "get to do interesting activities at school." (92%) (Data from California Healthy Kids Survey)

Data from the CHKS parent survey, shows that parents believe that the school "promotes academic success for all students."(91%), motivates students to learn, (86%), and "has high expectations for all students." (86%)

To maintain and build on this progress, we plan to continue to implement the CCSS and involve parents through partnerships with the Coast Guard base and our English Language Learner communities. We will continue to expand our intervention and counseling programs and increase behavior support for our students.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Our district's greatest needs are in the areas of assisting our English Language Learners in both English Language Arts and Mathematics. This subgroup showed a decline in the percentage of students meeting or exceeding standards. In ELA 9% Met or Exceeded (-6%) and in Math 28% Met or Exceeded (-16%). The Data Dashboard Results showed an Orange performance level for English Language Learners in English Language Arts (Low (46.6 below level 3) Declined Significantly 18.6 points). Our Hispanic/Latino subgroup also scored in the orange performance category in this area (Low (26.8 below level 3) Declined 5.8 points). While our ELs increased the percentage of students advancing one level on the CELDT (50%.,(+6%)), no students were reclassified this year.

In addition to our performance for our English Language Learners, the school Mathematics performance for All Students also declined, placing the school in the Orange Performance category. (Medium (16 below level 3) Declined 1.1 points).

GREATEST NEEDS

To address the performance of our English Language Learners, we will continue to implement our newly adopted CCSS aligned English Language Arts curriculum. This year we have implemented both as structured designated ELD and an integrated ELD program. We are optimistic that this will significantly impact our achievement scores in both ELA and Mathematics. This year, we have also begun after school and summer intervention programs that focus on reading comprehension. Many of our English language learners will benefit from this program. In addition, we are realigning our redesignation criteria for our ELs, based on new assessment results. We will continue to support a credentialed ELD teacher, bilingual assistant and bilingual secretary to support students and families and investigate how we can better serve parents who do not speak English at home.

In the area of mathematics, we are in our 2nd year of implementing our CCSS aligned curriculum. In addition, our summer program will offer intervention in mathematics. We are also pursuing grant opportunities to be able to offer an inquiry based STEM program that will support the math curriculum and engage students in math based problems.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

PERFORMANCE GAPS

The Data Dashboard Results showed an Orange performance level for English Language Learners in English Language Arts (Low (46.6 below level 3) Declined Significantly 18.6 points). Our Hispanic/Latino subgroup also scored in the orange performance category in this area (Low (26.8 below level 3) Declined 5.8 points). Both of these subgroups were 2 performance bands below our "All Student" group, which scored in the "green" performance category.

In mathematics, our "All Student" group was actually the only group to score in the orange performance band. Our Socio-economically disadvantaged subgroup scored in the green category, 2 performance levels above the "all student" group.

To address the performance of our English Language Learners, we will continue to implement our newly adopted CCSS aligned English Language Arts curriculum. This year we have implemented both as structured designated ELD and an integrated ELD program. We are optimistic that this will significantly impact our achievement scores in both ELA and Mathematics. This year, we have also begun after school and summer intervention programs that focus on reading comprehension. Many of our English language learners will benefit from this program.

In the area of mathematics, we are in our 2nd year of implementing our CCSS aligned curriculum. In addition, our summer program will offer intervention in mathematics. We are also pursuing grant opportunities to be able to offer an inquiry based STEM program that will support the math curriculum and engage students in math based problems.

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

To increase or improve services for our low income, English Learners and foster youth, the district will provide a full time, credentialed English Language Learner teacher. We will also provide a bilingual instructional assistant to work with students in classrooms and an bilingual school secretary to work with parents. In addition to these services, the school also provides after school and summer intervention programs in reading and mathematics. These services are provided in addition to the base services that all students at the school receive.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The school district was able to implement most of the listed actions and services planned for this school year. Teachers and instructional assistants were provided and will continue to receive materials and professional development focused on implementing CCSS, utilizing benchmark assessments and CCSS aligned report cards. We are in the beginning stages of implementing RTI and MTSS for all students. Summer school will be provided this summer for students needing intervention in both reading and mathematics. Before and after school intervention programs will be expanded next year as part of a multi year Department of Defense Grant. We were not able to offer an before or after school math intervention this year, but math intervention will be a part of the summer school program. Also, 3rd-6th grade classes

did not use the interim or formative SBAC assessments, but all grades did use the benchmark assessments that were a part of the new CCSS adoption in both math and ELA.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

It is difficult to measure the effectiveness of the actions and services provided this year based on the required metrics as many are measures from previous years work. The data show us that performance for all students and low income students in ELA is relatively flat. However, in math, scores for all students declined. While 50% of our English Language learners showed advancement on the CELDT, data from the SBAC and the Data Dashboard show a decline in scores in both ELA and Math. This years adoption and implementation of a new ELA and ELD curriculum, along with professional development should help to improve these scores this spring.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The actual expenses for the actions and services listed in Benefits Part time teachers did not take benefits that were budgeted. Instructional assistants went up due to increased student needs. CCSS materials were more expensive for RSP and ELD. Intervention started later in the year. New students with higher needs moved into the district. Reallocated supplemental funds to cover cost. RTI materials were charged to the DoDEA grant.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

This goal will be continued into the new 3 year plan, with continued actions and services. We will expand MTSS (Goal 1, action 9) and offer during school, before and after school and summer support programs for students (Goal 1, actions 6 and 12). We will utilize the SBAC interim assessments (Goal1, Action 5). We will also add training for our instructional assistants (Goal 1, action13) and investigate ways to provide programs and/or trainings for our parents who do not speak English at home (Goal 1, action 14).

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The school district continued to provide a bilingual secretary/registrar who translated all parent communication and provided bilingual services to parents over the phone and in person. We also hired a bilingual instructional assistant who served in this capacity when needed and assisted in classrooms. We continued to meet with parents through ELAC and TRSEF, our school parent foundation, to gain feedback and get input on increasing opportunities. Our parent survey this year was successful in bringing in a great deal of feedback on our programs as it was coupled with report card distribution and an ice cream social incentive for students. We were not able to enlist a ELAC parent or a coast guard parent representative to serve as a nonvoting member of the board, despite efforts to do so. We will continue in these efforts for next year. In addition, the principal was not able to schedule regular parent meetings as finding agreeable times for parents was a challenge. However, the principal was available to meet with and speak to parents as needed.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Our parent survey was highly successful this year, giving us valuable insight into how to reach out more effectively to parents. Our parent survey returns increased by 31%! Our bilingual services are also very effective in communicating with parents and giving them the means to be involved in their students education.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The actual cost for Bilingual Instructional assistant was not hired until later in the year.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will continue this goal into next year. Based on the results of our parent survey, we will be expanding the specific actions we will take to increase communication with parents, get them involved and communicate their students progress. In an effort to increase parent attendance at fundraisers and events, we will investigate combining fundraising and parent involvement activities with student performance events and showcases (Goal 2, action 7). We will also investigate ways to partner with families who do not speak english at home in order to support their students in learning English (Goal 2, action 8). We will investigate offering "live" board meetings (Goal 2, action 5) and pursue a partnership with the Coast Guard base to increase student and parent involvement (Goal 2, action 9). We will also establish a common schoolwide parent communication system.(goal 2, action 10.)

ANALYSIS

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Overall implementation for this goal has been successful. The district was successful in gaining parent input this year through our CHKS parent survey process. We continue to solicit parent input at all meetings. Our technology was maintained and expanded this year through a grant from the Petaluma Education Foundation. We purchased new large screen TVs for all classrooms, along with casting apps. In addition, we now have equipment for a broadcast studio and production system for our multi-use room. We also purchased security cameras for our campus, with installation coming this summer. The Toolbox project was implemented schoolwide and we were successful in hiring a counselor for 2 1/2 days a week. We continue to employ a full time custodian/facility manager and have completed upgrades to our

playgrounds and landscaping. Proposition 39 projects will be completed this summer. We held a anti-bullying assembly and reviewed our bullying policies, along with reviewing playground and parking lot safety.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The results on our metrics and survey data show that our efforts to ensure a safe campus are working. However, efforts to address harassment and bullying, physical fights and fostering an environment of respect have not been as successful as we had hoped. We will need to plan further actions in next years plan.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

One time funds for the Toolbox Project. Purchased security cameras for school from one time funds. Facility manager substitutes. Added phase 2 of landscaping/playground project. Prop 39 went up based on additional funds from the state. Counseling increased based on additional student needs.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will continue this goal into our new plan, with similar action and services. We will plan additional actions to address anti-bullying and harassment policies and programs, distributing information to parents (Goal 3, action 9). We will review our school handbooks and disseminate information to students and parents. (Goal 3, action11). We will also address playground and school safety (Goal 3, action 15). We will expand counseling services and develop a tiered behavior support system. Based on survey feedback we will also investigate food choice options (Goal 3, action 13) and look into a play/eat option for students.(Goal 3, action 14)

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We were successful in implementing all of the listed actions and services except for the ones related to tardiness and chronic absenteeism. We collected the data, but did not implement any new school wide programs targeted at providing parents with additional information. We will plan to do this as a focus of this goal for next years plan.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Our actions appear to have affected our results. Although, despite the fact that we did not directly address absenteeism, our attendance rate remained the same and our chronic absenteeism rate declined. We continue to offer a full range of courses, including PE with a credentialed PE teacher to all of our students. We have also increased our afterschool offerings for all students.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Resource code for garden was originally fir TRSEF, but came from general fund. Expanded enrichment offerings resulted in higher costs.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

This goal will remain the same into our new plan. Due to budget cuts, we will not be able to support a credentialed PE teacher, but we will be pursuing school wide PE options next year. (Goal 4, action 3) We will expand our afterschool enrichment program to include TK-3rd grade students. (Goal 4, action 9). We will support technology and the expansion of systems to support student learning, including integration of STEM related activities and application of the garden (Goal 4, action 11). We will also investigate how to provide internet access at home to all students. (Goal 4, action 12)

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

Throughout the school year, the LCAP committee discussed our process and progress with stakeholders. At meetings of Two Rock School Educational Foundation (TRSEF), which is our parent group, at our English Learner Advisory Committee (ELAC) meetings, and at our Site Council/LCAP Committee meetings (our Parent Advisory Committee), and at teacher staff meetings, we presented data, discussed needed revisions and noted goals met. Three of the members of the LCAP committee are also members of the local bargaining unit (Two Rock Educators Association or TREA) and have kept TREA members informed of the process and progress throughout the year. In addition, information was posted in the monthly issue of the Bobcat News (newsletter). The California Healthy Kids survey was used with parents, teachers and students. Updates were presented at School Board meetings for discussion and input. At the beginning of the school year, discussions revolved around data and metrics, actions and services that were completed and whether goals were met. Towards the end of the year, input was focused on developing actions and services to achieve our stated goals.

Site Council/LCAP Committee meetings:

Meeting dates: 9/27, 10/25, 11/29, 1/24, 3/7, 4/25, 5/23

Students: All students in grades 3rd-6th completed the California Healthy Kids Student Survey.

Teachers and classified staff: Staff completed the California Healthy Kids Staff Survey.

ELAC Committee meetings:

Parents were surveyed to identify the best time for meetings.

Meetings dates: 9/16, 10/12, 11/18, 12/14, 2/17, 3/10, 4/14, 5/12

TRSEF: This committee is our Education Foundation which is comprised of parents from the Coast Guard station and local dairies.

Meeting dates: 10/24, 11/1, 1/23, 1/21, 2/27, 3/27, 4/10, 5/22

In addition, parents completed the California Healthy Kids Parent Survey.

School Board:

Meeting dates: 8/11, 9/18, 10/13, 11/10, 12/8, 1/12, 2/9, 3/9, 4/13, 5/11.

The Public Hearing for the LCAP and the budget were held on 6/8. The LCAP and the budget were approved by the Board on 6/15.

IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

Throughout the year, the stakeholders provided positive input on our progress and revisions to goals, actions and services. This feedback was gathered through conversations at meetings and through surveys.

The decision was made early in the year to continue to combine the Site Council and the LCAP committees into one committee. Two ELAC parents were solicited to be representatives on this committee on a rotating basis.

Dec and Jan SC/LCAP committee meetings:

Discussed current metrics and those still needing to be gathered. Agreed that the California Healthy Kids Survey could use the student, parent and staff surveys as part of the data for the LCAP in place of other survey instruments. As part of the Department of Defense Education grant, these surveys are required, so they can serve 2 purposes at the same time.

Feb Site Council/LCAP meeting:

Reviewed additional metrics. Made final calendar for metric collection.

March Site Council/LCAP meeting:

Reviewed results of 2nd semester report cards. Also compiled data from initial return of parent surveys.

ELAC parents voiced appreciation for the summer school intervention program. They also like the preschool program. Parents discussed additional measures to increase safety and visibility of staff during recess and during morning pick up and drop off. They also discussed the need for educational support for parents that do not speak English in their homes. Parents also expressed an interest in continuing a spring cultural festival and dance classes after school to teach students cultural songs and dances to present at the festival.

Parent Survey results show that 54% of parents returned the survey this year. Parents expressed a need for more counseling and stricter policies on bullying and harassment. In addition, they would like to explore options for food choices. More detailed results of this survey are found in the LCAP metrics section.

TRSEF meeting discussions focused on how to expand art offerings and increase participation of families in fundraisers and volunteering at the school. They also expressed a need to establish a partnership with the Coast Guard base to ensure communication and collaboration.

This is the first year that 3rd -6th graders took the California Healthy Kids Survey. Students expressed an interest in more involvement in the decision making of the school. They also identified bullying and harassment as a concern. Detailed results are included in the LCAP metrics section.

April Site Council/LCAP meeting: Finalized needed updates to LCAP document in preparation for presentation to the Board and Stakeholder groups later in the month.

May SC/LCAP: Comments and suggested revisions from all stakeholder groups were incorporated into the LCAP final draft. Finalized LCAP draft.

Board: Discussed continued desire to have Coast guard and English Learner parent input at the board level. Board has they requested that we continue to pursue a non-voting seat on the board for both stakeholder groups. In addition, the board would like to look into doing a live broadcast of board meetings to include more stakeholders.

The Board also discussed that it is important that district/superintendent goals be reflected in the LCAP document: Address declining enrollment through expansion of programs such as Farm to Table, preschool program, upgrading of facilities including playground and landscaping and energy upgrades continues to be a priority for the district.

The responses to the final draft are listed below:

School Board – 6/8

The Board Members expressed appreciation for the work of the committee, and had no requests for changes to the document.

ELAC – 5/12

The 2017-20 LCAP and Annual Update was presented to the ELAC Committee for review and comments. There were no questions that required a written response.

Site Council/LCAP – 5/24

The 2017-20 LCAP and Annual Update was presented to the Site Council for review and comments. There were no questions that required a written response.

TRSEF – 5/22

The 2017-20 LCAP and Annual Update was presented at the TRSEF meeting for review and comments. All comments were positive, and there were no questions that required a written response.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year 2017-18 2018-19 2019-20

Estimated Supplemental and Concentration Grant Funds: \$117,404

Percentage to Increase or Improve Services: 10.15%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

The LEA's supplemental funds for the LCAP year 2017-18 is \$ 117,404. The district is a single school district and will be utilizing our funds to provide the salary for our credentialed ELD teacher, the bilingual instructional assistant and the school secretary. The ELD teacher provides support to classrooms for integrated ELD services and also implements a pull out designated ELD program for students in all grade levels every day. Our bilingual instructional assistant also works in classrooms to support students who are second language learners. Our school secretary translates for parents and families during meetings and over the phone and is the point of contact for our English Language Learner parents. The needs of our low income students who are not EL will be met through our intervention program. These services are provided to our English Language Learner and low income families specifically and not to the school as a whole. The district does not currently have any foster children.

The percentage by which services for unduplicated pupils must be increased or improved, as compared to the services provided by all pupils, is 10.15%. The cost of the services to unduplicated students which includes our 1.0 FTE credentialed ELD instructor, bilingual assistant, school secretary translation services, and providing intervention programs utilizes all of supplemental funds. This total, when compared to our base grant funding, meets and exceeds the 10.15 % MPP in increased or improved services for our unduplicated students.

Revised Local Control and Accountability Plan and Annual Update Template Instructions

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. For school districts and county offices of education, the LCAP is a three-year plan which is reviewed and updated in the second and third years of the plan. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for

the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Education Code identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. Education Code requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, Education Code Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see [Demonstration of Increased or Improved Services for Unduplicated Students](#) section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, place a check mark next to “Limited to Student Groups”.

For charter schools and single-school school districts, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Check “New” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check “Modified” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check “Unchanged” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check “Unchanged” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the Goals, Actions, and

Services section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *Education Code* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the Demonstration of Increased or Improved Services for Unduplicated Students table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to 5 CCR 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR 15496(a)(7).

Consistent with the requirements of 5 CCR 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
 - a. English Language Arts – Common Core State Standards for English Language Arts
 - b. Mathematics – Common Core State Standards for Mathematics
 - c. English Language Development
 - d. Career Technical Education
 - e. Health Education Content Standards
 - f. History-Social Science
 - g. Model School Library Standards
 - h. Physical Education Model Content Standards
 - i. Next Generation Science Standards
 - j. Visual and Performing Arts
 - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy UC or CSU entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the CELDT;
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;

- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

- A. A broad course of study including courses described under Sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under Sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *Education Code* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in *California Code of Regulations*, title 5, Section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

NOTE: Authority cited: Sections 42238.07 and 52064, *Education Code*. Sections 6312 and 6314.

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *Education Code* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *Education Code* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *Education Code* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *Education Code* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *Education Code* sections 42238.01 and bgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *Education Code* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *Education Code* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
